

BIG FAIR ADDS A DEPARTMENT FOR THE GIRLS

Canning and Garden Clubs
Will Be Represented in
Clarksburg Exposition.

Among the many special features of the Central West Virginia Fair to be held on the big exposition grounds here August 31, September 1, 2 and 3 will be a new department devoted to girls' canning and garden clubs. This department is to be conducted under the auspices of the United States Department of Agriculture and the agricultural extension department of West Virginia University. It is in keeping with the modern methods of scientific agriculture, which have been adopted by the progressive agriculturists of Harrison county, and which have resulted in the institution of the Harrison County Farm Bureau and the permanent employment of a county agricultural expert.

Miss Sadie R. Guseman, of Morgantown, state agent in charge of the girls' canning and garden clubs, and Miss Minnie Martin, of Shanton, Harrison county agent in charge of these clubs, will be the directors. The officials of the fair have adopted special rules and regulations for the department and have offered an attractive list of premiums to successful exhibitors.

OIL AND GAS

Operators at Evans City, Pa., are rounding out the town lot development. However, there is still some new work starting and it is evident that so long as a lot remains large enough to hold a rig and is not located in what is known as the "dry streak," a well will be put down before the finish of the pool. The latest completion is McClay Brothers Company's well on the Joseph Ralston lot. The first well was started a month ago and after it was down several hundred feet a dry hole came in on the adjoining lot and they decided their well would meet the same fate and discontinued drilling, and swung the derrick around and drilled on the other side of the lot, and have quite a fair producer. The producing streak is not more than 500 feet wide and a few feet to one side or the other results in a dry hole.

In the southern end of the pool the South Penn Oil Company has

DARKEN GRAY HAIR, LOOK YOUNG

Gray Hair Changed to an Even
Dark Shade—No Dye.

You can turn gray, faded, streaked with gray hair beautifully dark and lustrous almost overnight if you'll apply a few times, Q-Ban Hair Color Restorer to hair and scalp like a shampoo. Q-Ban is harmless, not sticky, delightful to use and darkens gray hair so naturally and evenly that no one can tell it has been applied. Q-Ban acts on the roots, makes gray hair healthy, changing gray hair to that soft, dark luster and abundance which makes the hair so fascinating and attractive, besides prevents dandruff, itching scalp and falling hair. Apply Q-Ban to gray hair and you'll be delighted with your beautiful, soft, fluffy, dark hair and lots of it and youthful appearance. Money back if it fails to darken gray hair. Only 50c for a big 7 oz. bottle at Wells and Haymaker's drug store, 316 Main street, Clarksburg, W. Va. Out of town folks supplied by parcel post. Call or write, asking for J-Ban Hair Color Restorer.—Advertisement.

started to drill No. 5 on the E. S. White farm, located midway between Nos. 1 and 5. No. 5 has been and is still the best producer in the field. It has produced more oil than any other two wells in the pool. The Rushville Drilling Company's well on the Smith lot came in a large producer, but has declined rapidly in advance to the south of production, the South Penn Oil Company has started to drill a test on the George Young farm. On the west side of the pool there are four wells drilling, but will not be due for several weeks. The old wells have fallen very low in production and all have been put to pumping. Unless the wells drilling on the west side show an extension there is very little hope for striking the productive area of the pool. The two dry holes to the northwest dissipated all hopes of an extension in that direction.

Very few completions were reported from the West Virginia field, on Spring creek, Smith and district, Roanoke county, the South Penn Oil Company as a last resort gave its test on the S. Hudkins farm a shot, but it showed no improvement, and the casing has been pulled and the hole abandoned. On Laurel creek, in the same district, the Ohio Fuel Oil Company is drilling a second test on the J. H. Daugherty farm.

In Murphy district, Ritchie county, the Cairo Oil Company is due in the sand at a test on the John Border farm. In the same district, J. F. Deen and Company got a dry hole when it completed its test on the M. Haight farm. Braden and Betts' test on the Davis farm is a light gasser. In Grant district, the Pence Oil Company is drilling a test on the W. C. Few farm and George Rinehart and Company are drilling a test on the Carpenter farm.

In Burning Springs district, Wirt county, Robert Brothers have completed Nos. 32-33 on the Rathbone tract and have two light pumps in the Cow Run sand. In Troy district, Gilmer county, the Crude Oil Company is drilling a test on the F. J. Waggoner farm. The Philadelphia Company's test on the Carson farm due in the sand.

Dry holes are all the southeastern Ohio fields have to offer in late completions. In the Reese Run district, Grandview township, Washington county, Sykes and Berry have completed a test on the J. Kewlin farm and have a duster in the Big Injun sand. In the same district, G. L. Watson and Company have drilled a test on the McMillan farm, through the same formation and had the same kind of luck.

In Island Creek township, Jefferson county, Castner Brothers have drilled their No. 4 on the Winters farm through the Berea grit and have a duster, making the third of that kind on the farm since the first was completed and came in a light producer. Castner Brothers have now completed five dry holes in the vicinity of the initial well on the Winters farm.

SALEM

SALEM, Aug. 11.—Sunshine Temple, No. 21, Pythian Sisters, gave a public installation in the new Pythian hall Monday night. The meeting was largely attended. The exercises consisted of a floor drill by sixteen Knights and Sisters in which they executed the initial letters of the order, P. L. E. and F., on the hall floor and ending the drill by executing a five-point star and a serpentine march. The installation ceremony was given by Miss Ida B. Riddle, Florence Wright and Nora D. Schutte, and was a very beautiful ceremony and scene, with the full class of officers represented. The officers for the Temple for the present term are: Maude Robinson, past chief; Nancy J. Terrell, excellent chief; Ione Riddle, senior; Stella VanHorn, junior; Sally Bond, manager; Jennett Gaines, protector; Cora Bee, guard; Sallie D. Schutte, mistress of records; Ida B. Riddle, mistress of finance. After

the installation ceremony, delicious and liberal refreshments were served. Miss Maud Cunningham, of Clarksburg, is a guest of her sister, Mrs. J. S. Wright.

Grant Bailey, of Grafton, has been here for a week renewing old acquaintances and visiting relatives. Mrs. Anne Matthey is spending several days with her daughter, Mrs. James E. Scott, in Broad Oaks.

James E. Scott, in Broad Oaks.

Messrs. C. C. Garlick and John M. Rollins are engaged in the garage and automobile repair business. They will occupy the old furniture stand at the corner of Main and Valley streets. The room is now being fitted for their occupancy. Both are experienced in this line of work and we bespeak for them a successful career.

Harley F. Bachelor, traveling representative for a tailoring concern, was at home over Sunday.

The Baptist church at its annual meeting Sunday named the following delegates to the Broad Run Association, which will meet at West Union next week: Fred D. Powell, Fred M. Cottrill, J. W. Gardner, Genius Payne and E. B. Robinson.

Silas B. Davis, of Grafton, spent last Sunday here with his parents, Justice and Mrs. H. B. Davis.

Members of the Order of Eastern Stars gave a picnic to their members and families Tuesday at the Elk, Salem Park. They were conveyed to the place of meeting by auto, and a very enjoyable time was had.

Great Old Remedy For Skin Diseases

S. S. S. Clears Skin of Eruptions
Drives Poison From
the System.

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble is on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even permanent, but only a temporary one. The race program was a good one.

believe, and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most desirable elimination of your trouble, and finally make you entirely well. Fifty years ago S. S. S. was discovered and given to suffering mankind. During this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it in simple form, for its benefit to the blood, and only be allowed to the suffering from various skin diseases. There are no side effects, no danger, no loss of time. Get S. S. S. from your druggist. It is a special preparation with the expert medical knowledge of S. S. S. Co., Clarksburg, W. Va.
